**PUNAHOU WORK
GETTING UNDER
WAY FOR YEAR**

Enrolment as Large as Expected is Assured, Says Acting President

Special Star-Bulletin Correspondence
OAHU COLLEGE, Sept. 8.—The machinery of administration is now well oiled and running at Oahu College. Acting President L. C. Howland reports that an enrolment quite as full as usual is assured and that everything in the nature of campus, buildings and equipment is in readiness.

New teachers and old have reported back and are ready for the duties of the year. There will be a faculty meeting tomorrow morning at 8:30.

Refreshed and invigorated by a sabbatical year's leave of absence, Miss Charlotte Dodge and Miss Susan Clarke returned last Tuesday. With Miss Clark also came her mother. Both report a delightful and helpful year on the mainland.

A new teacher of English, as well as a man of considerable athletic experience, has been enlisted on the faculty this year in the person of Mr. Silverman. He arrived Wednesday morning and has located himself and begun his duties enthusiastically.

Miss Helen Grace Cadwell also returned Wednesday morning. Her many friends in town will welcome her; her contributions to the music of Honolulu are ever of merit. She is at present with her relatives, Mr. and Mrs. A. M. Campbell.

Mr. Edwin Ideler, teacher of the violin, returns Monday on the Ventura.

**CEREMONY TO
START MANOA
VALLEY WORK**

Work on the roads in Manoa improvement district number one will start Monday morning at 9 o'clock after two years of endeavors to satisfy the property holders and see that no law is violated.

To celebrate the beginning of this work which will give to Manoa valley a good road system that has been badly needed for a long time, Mayor John Lane is planning to hold ceremonies near Mills school and all Honolulu people are invited to attend.

Among those specially invited to participate are the city and county engineers, and attorneys and the board of supervisors, who have worked hard in order that the work might start. Beginning at 8:30 the Hawaii band will play for a half hour, and then the mayor and C. N. Arnold of the road committee and other officials will make addresses appropriate to the occasion.

Then as a fitting close to the ceremony Mayor Lane with a nicked pick and shovel, which will be presented by F. R. Ritchie of San Francisco, who was awarded the contract for the work, will start the work by turning up the first ground.

Following the ceremony, W. G. Allen, F. R. Ritchie's local representative, will order his men to begin work and the undertaking will be on. The pick and shovel are to be hung in the city hall to commemorate the occasion.

**SCHOOL DESKS
AND CHAIRS
ARE DELAYED**

If you have an old school desk or chair stowed away in your attic let Harry Freitas, building inspector, know about it and he will be your friend for life.

Months ago the school department ordered new school supplies but because of the longshoremen's strike at San Francisco they have never been delivered and probably will not be here for another three weeks at least.

Today Freitas is turning Honolulu upside down in search of enough desks and chairs to go around when school opens next Monday. At the Central Grammar school there are six rooms which will have to be equipped before Monday and one room each at Kailua and Waiolua grammar schools.

The Clyde Motor Truck Co. has closed a contract for 204 one-ton trucks to be shipped to Australia.

An Illinois poultry raiser has found that it is possible to hatch in an incubator eggs that have been cracked, by pasting paper over the cracks with gum arabic.

**KALAKAUA AVE.
WORK TO START
BY NEXT WEEK**

Work of relaying the water pipe line on Kalakaua avenue will probably begin next week, according to Harry Murray, manager of the water department.

The department is ready to begin at once, but an extra 1000 feet of 8-inch pipe will have to be obtained first in order that the water will not have to be turned off while the work is in progress.

The process of laying the pipe is as follows: The new 1000 feet of pipe is laid in the new location and connected at both ends with the old pipe. Then the old pipe between the connection is taken up, cleaned and relaid at the end of the first 1000 feet and again connected with the old line and so on for the entire length. In this way the water is turned off only for a few minutes while the connections are being made.

Murray said that the water department would keep well ahead of the road work.

Net revenues of 93 large railroads of the United States for the year ending with June showed an increase over the same period of 1915 of almost \$199,000,000.

Senator William M. Bennett of New York, said his nomination petition is complete, containing 6000 signatures and assuring him a place on the Republican primary ballot.

**CHINESE CHURCH
ANNOUNCES PLAN
FOR GRAND FAIR**

Funds Will Go Toward Putting Old Building Into Better Shape

Members of the Chinese Congregational church on upper Fort street are arranging a big Chinese fair to be held in the church building on Friday and Saturday, October 6 and 7. Proceeds of the fair are to be used in remodeling the building, which is said to be the oldest Chinese church in the islands and an old landmark in Honolulu.

Arranged to represent a street in old Canton, the fair will be resplendent in Chinese decorations of richest design. On each side of the street will stand typical Cantonese shops with wares set out by the merchants for those who come to buy.

There will be silk goods of choicest design, jewelry, Chinese trinkets, teak-wood furniture and in fact everything worth while that the members can arrange. The plans for the fair have been in process for many months and members as well as outside friends have contributed by making many of the wares. Others have been shipped direct here from China.

Outside the church in the yard will also be decorations of finest fashion, arranged here and there in the cool, fern-lined paths.

Yap Kwai Fong of the Bank of Hawaii, who is in charge of the ticket sales and of the publicity, says the fair will be a great success. The last

fair of this sort was held seven years ago and the members will endeavor to surpass the results then obtained. It will open on Friday afternoon at 1 o'clock and close on Saturday night at 10 o'clock.

Tickets may be obtained from Yap at the Bank of Hawaii and also from C. K. Ai at the City Mill Company, Ho Fon at Bishop & Co. and Philip Wong at the Bank of Honolulu. Later next week tickets will also be put into the hands of other members for sale.

"The old church, which has stood for 36 years, is badly in need of repair," Yap told the Star-Bulletin today, "and we hope that our friends will come to our aid in this fair, which we are going to try and make truly worth while. It will be a good show. We want to erect a building for our mission school, also a new residence for our pastor, and for our Bible woman. The price of admission is 25 cents for grown-ups and 10 cents for children."

Why Tolerate Catarrh?

You have noticed, no doubt, that any cold aggravates nasal catarrh, and the flow of mucous amazes you that such objectionable matter could find lodgment in your head. To ignore this catarrh when the cold subsides is wrong because it continues to slowly injure the delicate linings of the nasal passages and clog them up.

To correct catarrh, cleanse the nostrils frequently with a solution of warm water and salt, insert vaseline on retreating, and take a spoonful of Scott's Emulsion after meals for one month. Scott's acts through the blood to feed the tissues, and contains soothing glycerine to check the inflammation and heal the sensitive membranes.

Scott's is pleasant to take.
